**Sister Creates the Hottest Accessory of the Season in the Twin Cities  
with "Pink Pearls" Holiday Variety Show**

*Sister's "Pink Pearls" Holiday Variety show will run December 10, 11, 16, 17, 18 at Neisen's Event Center in Savage, MN. Performances include holiday music favorites and originals, comedy, and poetry.*

**SAVAGE, MINN.** – November 13, 2009 – Even though holiday budgets are as tight as a pair of Spanx this year, the musical group Sister plans to turn whatever is rubbing women the wrong way in life into a pearl. Sister will present "Pink Pearls" - a women inspired holiday variety show on December 10, 11, 16, 17 and 18 at 7:00 p.m. at the Neisen's Event Center in Savage, Minnesota.

Sister's holiday show is often compared by audiences to Carol Burnett and described by last year's attendee Maria Meade as "heavenly voices with earthly humor." Performances include originally arranged holiday music favorites AND new Sister songs, regional comedy, and poetry for the season.

"We trace our success to our Minnesota roots and honor this strong foundation of family and community in our performances. Our holiday shows highlight scenes from our childhood that unfold through our voices and those of "The Aunts" who are featured characters in the show," says Kara Millerhagen of Sister.

The "Pink Pearls" venue, Neisen's banquet hall in Savage, is transformed into a 200-seat theater equipped with state-of -the-art stage and lighting for the two-week duration of the show.

Pre-sold tickets \$24/adults and \$10/children are available for pre-purchase at [www.SisterProductions.com](http://www.SisterProductions.com).

**About Sister**

The group Sister is comprised of three real-life sisters from Minnesota (Kjersten Dysthe, Alisa Leonard, and Kara Millerhagen). Sister inspires organizations, companies, and women's groups through their original music, poetry, and theatrical productions. These performances take Sister in front of live audiences across the nation. Hear Sister music, read fan reviews, see video, and get more information at [www.SisterProductions.com](http://www.SisterProductions.com).
