All women need a sister! Sisters listen, laugh, love with all their heart and always bring a dish to pass. This is the foundation for the singing trio "Sister"; three real sisters who bring their talents together and create an event through music, poetry, and authentic sister relationship, that speaks to the heart of what women want -- inspiration, affirmation and something to share with their friends. No matter how your ministry is structured, give your women the "Sister" they always wanted!

Sister Holidays!

Christmas is Here! Well, almost. And in our churches, we know the holidays are a huge opportunity to expose people to the gospel in a "zero entry" kind of way. "Sister" presents "Christmas is Here" and is perfect for that Women's outreach holiday event you may or may not already have scheduled. This program includes original arrangements of standard Christmas favorites along with original Christmas music that speaks to the universal heart, poetry to inspire, and characters to bring laughter and fun. Christmas is Here is packed full of treats for everyone. Meet Sister's aunt Gudren, hear "O Holy Night" and "The Little Drummer Boy", add in the regionally famous Sister original "Lefse Trilogy" and you have an event to energize your women well into the new year. Give the gift your women are looking for and bring in Sister!

Sister Women's Ministry Events!

"Sister" highlights women and all the things we are and do! Give your mothers, grandmothers, daughters, and girlfriends something to share together. Sister weaves familiar gospel favorites together with original music and presents in an engaging and entertaining way many aspects of a woman's experience. As always, Sister brings an affirming and encouraging message to women: God has a wonderful adventure in store for us! Through the original songs "This Dream of Mine" and "The Day I was Born" women open up! Laughter follows in the presentation of the song "Take It" and the poetry surrounding "Driven by Love". Memories will surface and new memories will be made through Sister's original arrangements of the "The Old Rugged Cross" and "Till We Meet Again". Poetry, stories and "giveaways" make it a whole and fun experience for all. Sister can make Mother's Day or anyday special. Bring "Sister" in and give women what they want!

Worship leading and special music

Sister leads worship! With years of experience coupled with a love for the church Sister brings a unique expression to the areas of special music and worship leadership. If you are looking to kick off a sermon series, highlight a theme, or do a culminating event, consider Sister to bring the music to support it. With original music like "Give it Away" and "Willing", Sister can inspire people to open up and encourage them to give. With the heart touching song "Love" and a thought provoking "Kingdom of God" Sister speaks the Gospel in new ways. Sister interprets the familiar songs like "Amazing Grace" with a fresh approach giving them life to cross the generations. Sister's signature sound adds dimension to your congregations favorite hymns and songs and is sure to get them sing out! Bring Sister in to partner with you in your worship event!
